IT Infrastructure

- Data Center Design & Implementation
- Network Engineering & Design
- LAN / WAN Firewall implementation
- WAN Optimization Solutions
- VPN / FTP / Branch Office connectivity
- Disaster Recovery Solutions
- Server Virtualization
- IT and Network Support, Help Desk
- Vulnerability Assessment
- End Point Security Assessment
- IT Risk-Management
- IT Audit Governance
- IT Baseline standards design & deployment

IT Applications

- Enterprise Technology Solutions
- Microsoft Dynamics Axapta - ERP
- Resource Plus - HRMS Solution
- ERP Solutions
- Custom Application Development & Support

Security Systems

- CCTV Surveillance System
- Access Control
- Intrusion Protection
- Asset Management
- Lighting Control
- HVAC
- Fire Alarm
- BMS

Fiber Optic Solutions

- Designing and Implementation of Data Center
- Enterprise Network solutions
- Public Address & Counter Communication Systems
- Automated Fare Collection
- Master Clock System
- Wireless
- GPON and EPON
- Unified Communication
- System Integration and Peripherals
